

Luxusheat Price List Change Summary - 2020

Product changes and additions

Luxusheat Packs

We have extended our pack range to include:

- Screed 200mm pipe centres for boilers up to 57m²
- Screed 150mm pipe centres for Heat Pumps to 50m²
- Profix Packs to 36m²
- Timber Suspended Packs to 57m²

Pipe

- Added PE-RT 20x2mm Pipe (100 & 240m coils)

Water temperature controls

- Added a larger control pack up to 18kw
- Added a larger circulation pump with an 8m head
- Included a comprehensive water temperature control parts range

Luxusheat Manifolds

- Due to supply chain and packaging changes we are no longer including isolation valves within the manifold package and these will have to be ordered separately. We have reduced the list price of the isolation valves (£16.50) on all manifolds so there is no difference in cost.
- Added Isolation Valves with temperature gauges
- Added various Eurocone sizes
- New high limit water protection thermostat.
- Included a comprehensive manifold parts section.

Pipe Fixings

- Added:
- 60mm UFH ProStaple for Pro-Staple Gun
- 60mm UFH ProStaple for Pro-Staple Gun (Bulk Box Inc quickload)
- 40mm UFH ProStaple for Pro-Staple Gun
- 40mm UFH ProStaple for Pro-Staple Gun (Bulk Box Inc quickload)
- New Product - Overboard Slim 12 Light Tile.
- New Product – Profix Plus Panel
- Added Profix Edge Strip
- Extended Floating floor range to include 150 & 200mm c/c's in all grades.

Tools & Accessories

- Added Prostaple Gun

Heatmiser Controls

- Extended Range and added various new products.

Pricing Changes

- Manifolds reduced in price to compensate for manifold isolation valves not being included with in the manifold box.
- Reduction in overboard heavy panels, profix panels & profix self-levelling compound to align products to customer standard discount terms.
- Luxusheat pack prices have changed as we are no longer supplying a thermostat within the package and are now an optional extra.
