16 - 110mm

Multitubo

We offer the best plumbing solutions for both domestic and commercial applications from 16mm to 110mm pipe sizes, along with high quality nickel plated brass & plastic PPSU press fittings and an array of bevelling, cutting and press tools to complete the range.

You can feel secure that your system specification, design and materials are in the hands of experienced professionals.

We pride ourselves in selecting premium products and it goes without saying that all our systems carry extensive product guarantees and certification.

The range is comprehensively stocked in a central warehouse ensuring quick, efficient turnaround on orders placed with us. Our experienced team is on hand to provide all the information you will need from conception to commissioning.

The Water Supply (Water Fittings) Regulations and Water Supply (Water Fittings) (Scotland) Byelaws, play an important role in protecting public health, safeguarding water supplies and promoting the efficient use of water within customers' premises across the UK.

They set legal requirements for the design, installation, operation and maintenance of plumbing systems, water fittings and water-using appliances. They have a specific purpose to prevent misuse, waste, undue consumption or erroneous measurement of water and, most importantly, to prevent contamination of drinking water.

Multitubo Pipe

MULTI-LAYER COMPOSITE PIPE

The Multitubo Pert-al-Pert multi-layer pipe consists of 5 layers. One polyethylene layer is applied to the inside and one to the outside of the welded aluminium pipe. Both PE layers are permanently bonded to the aluminium pipe by means of an adhesive layer. The polyethylene used is a non-cross-linked polyethylene of raised temperature (PE-RT – polyethylene of raised temperature resistance).

The pipe has WRAS approval so pipe quality and integrity can be assured, with the approved press fit system this also means that any off cuts from the underfloor heating system can be used for potable drinking water installations.

The aluminium core is 100% oxygen diffusion tight, therefore preventing the ingress of any oxygen. The pipe compensates and reduces snap-back forces and heat expansion with changes of temperature and the system is designed for easy, safe and fast pipe installation.

MODERN COMPOSITE MATERIALS

- Environmentally friendly due to the lower use of natural resources
- Combines the advantages of metal & plastic pipes
- Up to 70% lighter than metal pipes
- 100% Oxygen-diffusion barrier

HIGHEST HYGIENIC SAFETY

- PE-RT is hygienically clean with a very smooth surface
- No corrosion, the surface quality remains the same throughout the products life span
- No deposits are able to gather that affects the functionality of the pipe

16mm to 110mm

Five Layer Multi-Layer Composite Pipe

Multitubo Pipe

LOW THERMAL EXPANSION

Due to the inner aluminium layer the thermal expansion is similar to those of metal pipes. Thus the fastening with slide points and fixed points corresponds to those of metal pipes.

- Linear expansion similar to copper pipe
- Low thermal activity means lower stress in long term usage for the pipe
- Less requirements for clipping, expansion bellows and bending legs during installation

Length of pipe	Expansion at Δt 50K
PEX	500 mm
PP	450 mm
PB	375 mm
PVC	200 mm
Firmopress	62,50 mm
Copper	41,25 mm
galv. steel	28,50 mm
stainl. steel	27,50 mm

50 m →

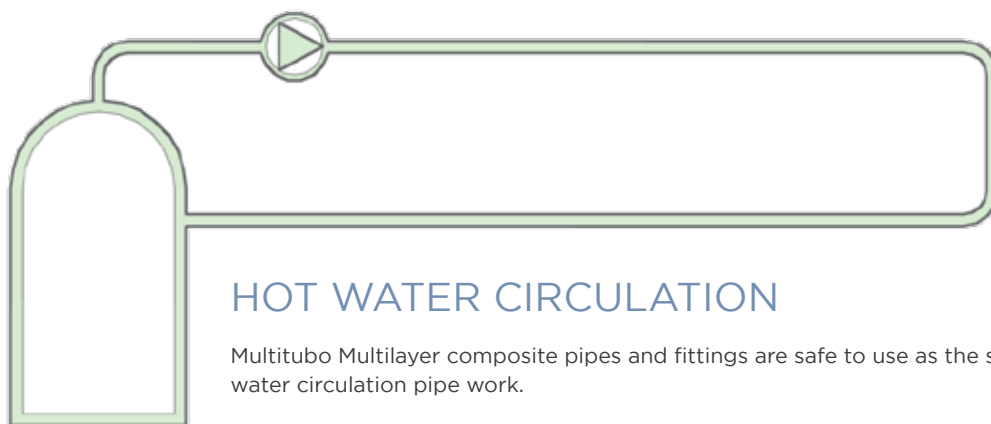

FLEXIBLE

Dimensions up to 25mm can easily be bent by hand. Therefore work can be carried out much more efficiently.

FORM STABLE

Once bent, the pipe will keep its shape. This means a significant reduction in fastening points.

HOT WATER CIRCULATION

Multitubo Multilayer composite pipes and fittings are safe to use as the secondary return hot water circulation pipe work.

Tested continuously for more than 30 years at an operating temperature that exceeds the requirement of the WRAS approval test procedure of 70°C (tap water) and 80°C (heating) as well as a continuous operating pressure of 10 bar.

Multitubo Fittings

NEW G2 METAL PRESS FITTINGS 16 -32mm

The Pressing Sleeve

- Fixed to the brass body and protects the O-rings from being damaged
- Enables an easy check of the correct insertion depth due to the inspection windows
- Has a double flange press jaw guide that makes a correct pressing easier even at poorly accessible position.
- Keeps the pipe permanently fixed to the fitting body after pressing. The pipe can still be turned and adjusted after pressing.

Additional test safety

- Non-pressed connections can be easily detected during the pre-pressure test (test pressure 1.5 Bar for 15mins by appearance of water).

METAL PRESS FITTINGS 40 -75mm

The Pressing Sleeve

- Protects the O-rings from being damaged
- Enables an easy check of the correct insertion depth due to the inspection windows
- Has a double flange press jaw guide that makes a correct pressing easier even at poorly accessible position.
- Keeps the pipe permanently fixed to the fitting body after pressing. The pipe can still be turned and adjusted after pressing.

PPSU PRESS FITTINGS 16 - 63mm

The Pressing Sleeve

- Fixed to the PPSU body and protects the O-rings from being damaged
- Enables an easy check of the correct insertion depth to the inspection windows
- Has a double flange press jaw guide that makes a correct pressing easier even at poorly accessible position.
- Keeps the pipe permanently fixed to the fitting body after pressing. The pipe can still be turned and adjusted after pressing.

Additional test safety

- Non-pressed connections can be easily detected during the pre-pressure test (test pressure 1.5 Bar for 15mins by appearance of water).

Multitubo Fittings

MODULAR 25/110 - Metal press fittings 25mm - 110mm

The Modular Concept

- Pressing adapter is connected to the pipe by the pressing tool
- Joints, tees or elbows are easily connected to the adaptor by gripper clamps.

Flexible & safe

- Working with pre-mounted parts means higher safety on site with lighter pipes and fittings compared to traditional metal materials. Easy pipe connection techniques makes the handling in risers and over head more safe.

Terms & Conditions

LUXUSHEAT LTD TERMS AND CONDITIONS FOR THE SALE OF GOODS

Definitions

Buyer the person who buys or agrees to buy the goods from the Seller.

Conditions the terms and conditions of sale as set out in this document and any special terms and conditions agreed in writing by the Seller.

Goods & Services the articles which the Buyer agrees to buy from the Seller.

Price the price for the Goods, excluding VAT and any carriage, packaging and insurance costs.

Seller Luxusheat Ltd , 15 Stanier Road, Cottage Lane Industrial Estate, Broughton Astley, Leicester, LE9 6TW.

2. Conditions

2.1 These Conditions shall form the basis of the contract between the Seller and the Buyer in relation to the sale of Goods, to the exclusion of all other terms and conditions including the Buyer's standard conditions of purchase or any other conditions which the Buyer may purport to apply under any purchase order or confirmation of order or any other document.

2.2 All orders for Goods shall be deemed to be an offer by the Buyer to purchase Goods from the Seller pursuant to these Conditions.

2.3 Acceptance of delivery of the Goods shall be deemed to be conclusive evidence of the Buyer's acceptance of these Conditions.

2.4 These Conditions may not be varied except by the written agreement of [a director of] the Seller.

2.5 These Conditions represent the whole of the agreement between the Seller and the Buyer. They supersede any other conditions previously issued.

3. Price

3.1 The Price shall be the price quoted on the Seller's order confirmation. The Price is exclusive of VAT which shall be due at the rate in force on the date of the Seller's invoice.

3.2 Any Typo, clerical or other error in any sales literature, quote, price list, invoice or any other document or information used by the company shall be subject to correction with liability on the part of the company

3.3 The company is entitled to make delivery by instalments against any order it accepts from the buyer these terms and conditions shall apply to each instalment delivery and any claim by the buyer in respect of any one or more of the instalments shall not entitle the buyer to treat the contract as a whole as repudiated

4. Payment and Interest

4.1 Payment of the Price and VAT shall be due within 30 days of the date of the Seller's invoice.

4.2 The Buyer shall pay all accounts in full and not exercise any rights of set-off or counter-claim against invoices submitted by the Seller.

4.3 If the buyer fails to make payment by the due date the company may suspend any further deliveries to the buyer and at the company's discretion interest will be charged at 4% over the base rate of NatWest bank from the date payment was due until and including the date the payment was made

4.4 If the buyer does not meet the conditions of payment, or in case of reasonable doubts about the buyers credit worthiness or the buyer makes any voluntary arrangements with its creditors, becomes bankrupt, becomes subject of an administration order or goes into liquidation the company may cancel any outstanding contract with the buyer and all outstanding invoices of the buyers account will become due

5. Goods & Services

5.1 The quantity and description of the Goods shall be as set out in the Seller's confirmation of order.

5.2 The company may make any changes in the specification of the goods and or services which are required to conform to any applicable statutory or EC requirement or which do not materially affect their quality or performance

5.3 All drawings, designs, specifications, quotes and other information provided by the company are confidential and all rights of copyright shall remain the property of the company and shall not pass to the buyer

5.4 All specifications, drawing and descriptions and particulars of layouts and dimensions submitted by the company are deemed approximate only and descriptions and illustrations in the company's price list and other advertising matter shall not form any part of a contract

6. Warranties

6.1 The Seller warrants that the Goods will at the time of delivery correspond to the description given by the Seller in the confirmation of order. [Except where the Buyer is dealing as a consumer (as defined in section 12 of the Unfair Contract Terms Act 1977), all other warranties, conditions or terms relating to fitness for purpose, quality or condition of the Goods are excluded].

6.2 Subject to the exclusions set out in 6.3 below, the Company confirms the goods will correspond with their specification at the time of delivery and will be free from defect in material and workmanship from the date of delivery for 12 months

6.3 The company shall be under no liability in respect of any defect in the goods arising from any drawing, design or specification supplied by the buyer

6.4 The company shall be under no liability in respect of any defect arising from fair wear and tear , wilful damage , negligence , abnormal working conditions , failure to follow the company's instructions (whether oral or in writing), misuse or alteration or repair of the goods without the company's written approval

6.5 Where the goods are returned by the buyer and accepted by the company as being defective the company shall at its option, either repair or replace the goods without cost to the buyer or allow the buyer a credit on their account. The company shall not be liable to the buyer for any claim by the buyer for any work done on or with the goods, loss of profit, or any loss, damage or cost to the buyer whatsoever. Other than the replacement cost of the goods and the buyer shall not be entitled to withhold payment by reason of defect

7. Delivery of the Goods

7.1 Delivery of the Goods shall be made to the Buyer's address. The Buyer shall make all arrangements necessary to take delivery of the Goods on the day notified by the Seller for delivery.

7.2 The Seller undertakes to use its reasonable endeavours to despatch the Goods on an agreed delivery date, but does not guarantee to do so. Time of delivery shall not be of the essence of the contract.

7.3 The Seller shall not be liable to the Buyer for any loss or damage whether arising directly or indirectly from the late delivery or short delivery of the Goods. If short delivery does take place, the Buyer undertakes not to reject the Goods but to accept the Goods delivered as part performance of the contract.

7.4 If the Buyer fails to take delivery of the Goods on the agreed delivery date or, if no specific delivery date has been agreed, when the Goods are ready for despatch, the Seller shall be entitled to store and insure the Goods and to charge the Buyer the reasonable costs of so doing.

8. Acceptance of the Goods

8.1 The Buyer shall be deemed to have accepted the Goods 24 hours after delivery to the Buyer.

8.2 The Buyer shall carry out a thorough inspection of the Goods within 24 hours of delivery and shall give written notification to the Seller within 3 working days of delivery of the Goods of any defects or shortages which a reasonable examination would have revealed.

8.3 Where the Buyer has accepted, or has been deemed to have accepted, the Goods the Buyer shall not be entitled to reject Goods which are not in accordance with the contract.

9. Title and risk

9.1 Risk shall pass on delivery of the Goods to the Buyer's address.

9.2 Notwithstanding the earlier passing of risk, title in the Goods shall remain with the Seller and shall not pass to the Buyer until the amount due under the invoice for them has been paid in full.

9.3 The Seller may at any time before title passes and without any liability to the Buyer:

9.4.1 repossess and dismantle and use or sell all or any of the Goods and by doing so terminate the Buyer's right to use, sell or otherwise deal in them; and

9.4.2 for that purpose (or determining what if any Goods are held by the Buyer and inspecting them) enter any premises of or occupied by the Buyer.

9.5 The Seller may maintain an action for the price of any Goods notwithstanding that title in them has not passed to the Buyer.

10. Carriage of Goods

Carriage will be chargeable on;

1) Underfloor heating orders under £250 net

2) Plumbing orders under £500 net excluding straight lengths of pipe

3) Plumbing orders under £1000 net including 3m straight lengths of pipe

4) Plumbing orders under £3000 net including 5m straight lengths of pipe

5) All Pre-insulated pipe orders.

6) Any order of any size on timed delivery (ie. pre 9am, pre Noon etc.)

7) Any orders of any size for Saturday delivery

11. Force Majeure

The company shall not be liable to the buyer to the extent that fulfilment of its obligation to the buyer has been prevented , hindered or delayed by the force majeure as herein defined and without limiting the generality of the forgoing company shall be entitled to cancel any delivery in whole or part when it is delayed in or prevented from making delivery by strikes , lock outs , trade disputes or labour troubles or any cause beyond the company's control including without limitation act of god , regulation or request , fire , accident , war , riot , delay in transportation , inability to obtain adequate labour , materials or manufacturing facilities and the company shall not be bound to obtain in the market the goods with which to replace the goods , delivery of which has been cancelled as a result of said events.
